Cheryl—

Thanks for the tickler. My apologies. Please remind me again about what aspect of the pollinator issue you would like EPA to address. Are you looking for more of a science perspective or more of a risk management perspective?

Hi Rick, Hope this finds you well. We had spoken last year during NAFTA meeting about having someone from EPA join in on the pollinator webinar sponsored by AGRO division of ACS in May. The date is set for May 9th and the other speaker is Troy Anderson and Bayer Crop Sciences is also in discussion. John Clark (University of Massachusetts) will host the webinar Do **you have a government name for Claire**. The idea is to have someone from Academic/industry/government. . .
